

MINISTRY ROOTED IN LOVE

BECAUSE OF YOU!

We supported, prayed with, & showed people who Jesus is!

Resources aided in parenting & relationship issues.

Those facing unexpected pregnancies were helped.

There was healing from past abortions.

Brandon is thriving as a young, single dad with parenting support & classes.

"Next Step is a vital part of our community."

- Brandon D., Client

The after abortion recovery program healed a 40-year rift for Beth & Mike.

"It helped me have a different relationship with God & I am now able to have a healthy, respectful relationship with my husband."

- Beth, Client

LOOKING FORWARD

2023

Educate our community with the truth about the abortion pill.

Empower more women with the tools & support to make a decision for life.

Provide hope and healing to women struggling with reproductive grief.
